RADIATION

TO WHOM IT MAY CONCERN

Regarding Radiation:

Based on risk assessment of the environmental conditions in the area of sourcing and producing our products, and based on regular random testing, we, OVODAN EGG GROUP, hereby confirm that we comply with the requirements in [Council Regulation \(Euratom\) 2016/52](#) [repealing Regulation (Euratom) No 3954/87 and Commission Regulations (Euratom) No 944/89 and (Euratom) No 770/90] of 15 January 2016 laying down maximum permitted levels of radioactive contamination of food and of feed following a nuclear accident or any other case of radiological emergency.

Furthermore, we, OVODAN EGG GROUP, hereby confirm that the egg raw material as well as the finished products, manufactured by OVODAN companies, were not at any stage exposed for any radiation treatment.
